

**The 13th Annual
7x24 Exchange DC Chapter
Golf Tournament**

September 25, 2023
The Golf Club at Lansdowne

Proceeds Benefit:

BOULDER CREST
FOUNDATION

Welcome

The 7x24 Exchange DC Chapter welcomes you to our Thirteenth Annual Golf Tournament today at The Golf Club at Lansdowne. This event offers the opportunity for all our end users, vendors and their guests to enjoy great golf, socialize, and celebrate our collective support of our tournament charity, Boulder Crest Foundation.

Through your participation and sponsorship of this tournament, you are channeling much-needed funding to Boulder Crest Foundation to help participants and their families transform struggle and trauma into lifelong growth and strength.

Boulder Crest Foundation is the home of Posttraumatic Growth (PTG) and the global leader in the development, delivery, study, and scale of PTG-based programs. They exist to transform the way that our society thinks, feels, and acts when it comes to notions of mental health and struggle, so that we live in a world that is fueled and founded in notions of PTG, not PTSD, diminishment, diagnosis, or dysfunction.

Once again we are excited to have the tournament at The Golf Club at Lansdowne with three courses! This allows more companies the opportunity to join this great event. If you have played on this course before, we know you'll enjoy it again. If you are new, take a look around you - this is a beautiful course and we know you'll enjoy your day!

Thank you all for your support of our outing today! We hope that you have the best day of golf ever - relax, have fun, and enjoy life with your friends at 7x24!

- 2023 7x24 DC Exchange Golf Tournament Committee Members

REDUCE LEAKAGE RATES **\$0.40/SF** AVG ANNUAL ENERGY SAVINGS WITH DYNAMAX® GRID & AIRASSURE® PANELS

Maximize strength and minimize air leakage with one ceiling

DynaMax® & DynaMax Plus Structural Ceiling Systems are the ideal combination of an integrated data center ceiling system and a structural solution for suspending cable trays, equipment, partitions, and hot/cold aisle containment barriers. Eliminate rod drop penetrations through the panels and reduce air leakage at the ceiling. Learn more at armstrongceilings.com/datacenter

Vision Technologies

The 7x24 Exchange Washington DC Chapter provides an educational forum bringing together Information Services, Technology & Facilities, Engineering, and Real Estate organizations to promote better understanding of the design, implementation and management issues involved in achieving high levels of uninterrupted infrastructure support.

Our Mission

The 7x24 Exchange Washington DC Chapter strives to provide informative & educational programs, remain focused on User's needs, encourage vendors to add value through their involvement, prohibit direct or overt selling at chapter meetings, and maintain a dialogue with the National and other chapters to share information on chapter issues.

The 7x24 DC Chapter

- Will support 7x24 Exchange national's mission and abide by its guidelines.
- Will advance the latest developments in infrastructure reliability by collecting and disseminating statistics, case studies, guidelines, practices and standards for use by its members.
- Will serve as an open forum to present topics relevant to infrastructure reliability.
- Will keep its members abreast of related developments in allied professions and market sectors affecting end-to-end reliability of mission critical facilities especially the total convergence of technology.
- Neither endorses nor permits members to use its meetings or mailing lists to sell or promote their products or services.

See you next year!
